

# LOAN PORTFOLIO MANAGEMENT

**EXPERTISE MATTERS.**  
**LEARN WHAT THEY DON'T TEACH  
IN OTHER LENDING SCHOOLS.**

At CU Direct, we're in the business of growing yours.

That's why we're sharing our expertise on loan portfolio management through our one-of-a-kind [Lending Analytics and Portfolio Management Academy](#).

Available at three locations around the US, the academy features an intensive course about how the correct collection, analysis and management of key data can lead to better decisions that will improve lending and drive member revenue.

---

*Register for one of our 3 upcoming sessions:*

**Boston, MA** – June 10-11 | **Dallas, TX** – June 17-18 | **Ontario, CA** – June 24-25

Our classes are designed to help credit union lending, IT and risk management professionals:

- Learn efficient methods to obtain and analyze data
- Recognize risks and analyze performance issues
- Use key statistics to make informed decisions
- Identify strategic pricing opportunities to improve lending
- Prepare for regulator exams
- Gain certification

*School is almost in session.*

Two day course: \$695
