### Exclusively for Large Asset-Sized Credit Union Executives

The first LSCU/CUES Credit Union Executive Dialogue, held in February 2012, brought together CEOs and executives from eight states and Canada. The group laid a foundation to move credit unions forward and remain relevant to future consumers in the changing landscape of the credit union movement.

Credit union executives from \$500 million plus in assets discussed trends and innovation through collaboration. One of the main points to come out of the dialogue was by working together, credit unions can accomplish much more.

Join your credit union peers for thought-provoking topics, lively debate, the sharing of ideas, and networking. There is too much at stake to not take part. Visit [www.cues.org](http://www.cues.org) or [www.lscu.coop](http://www.lscu.coop) to register.

Contact LSCU Director, Conferences Julianne Talley at 866.231.0545 ext. 1148 with any questions.
