**7:00 PM – Annual Meeting**

**7:30 PM – Guest Speaker**

All too often we run our credit unions the same way we always have. We fail to take the time or devote the energy to pull our heads out of the daily grind and focus on how the service needs of our members have changed. This session will cover the ways in which our industry has revolved and what it takes to overhaul your credit union affordably to become member-centric. From CEO to front lines, this session will motivate you to change the way we serve our membership and deliver exceptional service every time.
