

Advanced Fraud Solutions – TrueChecks™

TrueChecks™ is a proven software solution that identifies counterfeit checks and demand drafts at the teller window without compromising the integrity of service. TrueChecks instantaneously analyzes demand drafts and issues alerts as it provides frontline personnel with the following real-time information:

- National and Regional counterfeit check and money order information
- National and Regional fraudulent account information
- Fraudulent routing numbers
- Industry counterfeit alert information
- Names of fraudulent people and businesses

In celebration of the upcoming TrueChecks 4.0 release, Advanced Fraud Solutions will be running a special promotion for Michigan based Credit Unions attending the CUcorp hosted TrueChecks demos on the dates listed. The discount will apply only to new customers and will be given out during the live TrueChecks demo. The special discount code will be valid for 60-days post demo and will entitle the credit union to receive up to 25% off their TrueChecks purchase.

**NEW
