

# MAKING THE MOST OUT OF YOUR INTEGRATION FUNDS

**Open Your Eyes to a Credit Union.®  
See how the new CU Link co-op  
campaign works for you.**

Get the biggest bang for your buck when you put your CU Link Cooperative Advertising Program integration funds to work for your credit union. Explore the variety of options available from DP+, CUBE TV® and GSTV® at nearly every budget level.

Get the highest-quality creative into the market quicker and easier than ever too, since all assets are preapproved and have been developed in conjunction with the CU Link campaign assets.

Choose from a wide range of creative services, media opportunities and ad specialties. Credit unions are not limited by the amount of their funds, either. Want to do more? We're happy to help.

Follow this simple process to place an order:

## STEP 1

Credit union selects from options provided and contacts DP+/CUBE TV/GSTV via email for any forms needed.

## STEP 2

Credit union completes appropriate forms and submits to email address provided.

## STEP 3

DP+, CUBE TV or GSTV submits an estimate for approval and project timeline to credit union. Upon approval, work begins.

## STEP 4

DP+, CUBE TV or GSTV sends deliverables to vendor or media outlet as needed.

## STEP 5

DP+, CUBE TV or GSTV will invoice MCUL for the amount up to half of the credit union's full fair share contribution. Amounts above that will be invoiced to the credit union.
