Benefiting: The Davies Project

The Davies Project is a nonprofit organization that provides support to Lansing area families with a long-term, seriously ill child. Sometimes a car is not available and public transportation is not the best choice with a child who is sick. When that is the case, we provide free rides to and from all local medical appointments. To the best of our ability, we will provide one of our fifty volunteer drivers in a clean and safe vehicle. Some appointments are last minute and sometimes other family members are in tow—not to worry, our services are designed to adapt to these circumstances! Everything we do at The Davies Project is about helping our community's children to be as healthy as possible while enabling families to spend time with supportive, encouraging drivers who give them hope.
