Young Professionals Networking Group

Participation Form

The FUEL MI Young Professionals Networking Group is being formed with support from the Michigan Credit Union League and the Michigan Credit Union Foundation to expand support and provide opportunities for networking, collaboration, and developing credit union leaders. The group will be encouraged to determine and implement additional ways for participants to connect, interact and learn about the credit union industry and movement.

Much of the group activity will be done via email and conference calls, though quarterly in-person meetings are likely and will be held in varying areas of Michigan. *FUEL MI members must commit to participate in attending at least two in-person meetings per year and joining the conversation by WebEx for remaining meetings if they are unable to attend in person. Supervisor permission to participate in the group must be granted.*
